The Competitive Advantages of Specifying Class O Armaflex

- Built in anti-microbial protection reduces mould and bacteria growth
- Built in vapour barrier prevents condensation
- Reduces energy loss by up to 87%
- Lightweight and flexible, quick and easy installation with low maintenance requirements, resulting in time and energy savings
- Excellent resistance to the effects of ozone, oil and chemicals.

Philmac 3G

The Philmac 3G™ range of compression fittings doesn't just represent the latest technology available; it is the next generation of pipe fitting.

The 3G range is a global platform of pipe fittings. By simply changing the nut, split ring and seal, 3G™ fittings can effectively join any standard of PE pipe including normal gauge, metric and imperial pipe types.

Featuring Philmac's unique Slide & Tighten® technology, 3G™ compression fittings make installation easy. No insert is required and no force is needed to push the pipe into the fitting. In addition, a visual stop indicator reduces the risk of over tightening.

Dab Pumps

Dab Evo VS 65-150 pump

Part No: 60185007H

One model to replace all 4, 5 and 6Mtr head pumps.

Max flow: 60ltr/min

Maximum Head: 6mtr

3 Year Warranty

Dab Evosta 2

Part No: 60193269

One model to replace all 4,5 and 6Mtr head pumps.

2 Year Warranty

Dab Evosta 3

80/130 Part No: 60193272

80/180 Part No: 60185505

Low Energy Consumption

Up to 8Mtr Head

Built in Inverter Technology

5 Year Warranty

Dab Silent Booster Pump Model 3M

Part No: 60122696

Operating range: capacity up to 90 l/min; head up to 37 mtr.

Motor cooled by pumped liquid Integrated electronics board

Pressure and flow switches for auto start and stop

Dry running protection Supplied with 2 non return valves and 2ltr tank

2 Year Warranty

Vortex Domestic Hot Water Pump

Part No: 411211001

Includes Unions

Built in isolation valve

Built in non return valve

Noiseless Motor

2 Year Warranty

E.sybox Mini Booster

Part No: 60183504

Capacity up to 80ltr/min and up to 55mtr head Up to 8mtr suction depth

Constant set Pressure

Super Silent at only 45db- class leading Horizontal or Vertical Mounting

Up to 50% cheaper to run than standard pump

3 Year Warranty

Fondital Master B

- Ideal for low temperature heating systems
- Excellent weight to power weight ratio.
- Modular : perfect for any space.

Weldless base assembled with an exclusive thermoelectric joining technology resulting in a radiator that is as solid as a 100% single piece in aluminium.

The thermoelectric joining process also means that there can be no build up of sludge in the bottom of the radiator.

Central Heating Chemical Treatment

Sankel Inhibitor

Gives longer protection to central heating systems. Prevents limescale. Reduces corrosion. Extends system life. Reduces fuel bills. Increases efficiency. Prevents cold spots.

Code 771025

Sankel Cleaner

Quick and effective neutral cleaner suitable for all boiler types. Removes sludge. Cleans flux residues. Easy to use. Compatible with all metals. Non hazardous.

Code 771024

Sankel Sludge Remover

Ruthlessly eliminates magnetite from system. Restores circulation. Use in all systems. Prepares for new pump installation. Does not cause pin holing.

Code 771029

Sankel Leak Sealer

Seals small, difficult to access leaks. Ideal to reduce pressure loss. Seals most weeps and small leaks. Saves costly drain downs. No blockages on pumps.

Code 771026

Sankel Silencer

Helps reduce system and boiler noise. Reduces system noise. Improves heat transfer efficiency. Compatible with inhibitor. Environmentally friendly. Can be left in system permanently.

Code 771028

Sankel Powerflush

Cleans out system thoroughly. Removes 'cold spots'. Attacks stubborn & built up sludge. Works with all Powerflush machines.

Code 771027
